

SENSAI

Certificate

SensAI Academy hereby certifies that

daniel@chillifruit.com

has successfully completed the Prompt & Context Engineering Expert program, demonstrating proficiency in advanced prompt design, context management (RAG), and the implementation of evaluation systems.

The participant is capable of deploying stable AI processes—from enforcing structured outputs (JSON/Schema) and function calling to automating and optimizing model costs. They are now equipped to build sophisticated AI assistants and manage LLM communication standards within an organization.
