SENSAI

Certificate

SensAI Academy hereby certifies that

Maciej Korzeniecki

has successfully completed SEO 3.0 Program, a ten-week, cohort-based training program focused on the practical application of artificial intelligence in search engine optimization (SEO).

Throughout the program, the participant demonstrated proficiency in working with language models and effective communication with AI tools, and successfully completed all practical assignments.The participant is now equipped to plan and execute comprehensive SEO strategies, implement programmatic SEO using AI, apply semantic SEO techniques, build AI-powered chatbots, and automate content creation for both social media and corporate websites.
